PAINESVILLE, OHIO

## PRICE LIST OF

# FRUIT AND ORNAMENTAL TREES

*Grape Vines, Small Fruits, Etc., for Spring of 1911.*

**By Express or Freight, Purchaser Paying Charges.**

**TWELVE HUNDRED ACRES DEVOTED TO THE NURSERY BUSINESS.**

In filling orders from this list we reserve the right, in case that we are out of a variety to substitute another of equal merit when it can be done (always labeling with correct name), unless the party ordering says "no substituting," in which case we will fill the order so far as we can and return the balance. All goods ordered from this list must be sent by express or freight, customers paying charges on receipt of goods. All heavy trees in large amounts should be sent by freight, as charges are so much less, and our perfect packing admits a long journey without injury to the trees. Always give full and explicit shipping directions, as our responsibility ends on delivery of trees in good condition to the freight office.

We shall be pleased to quote prices to anyone desiring different sizes or stock in larger quantities than offered herein. In sending list state definitely the number of each variety and size wanted.

We guarantee all stock to be up to size and grade specified in list, to be in good condition, and carefully packed; this guarantee holds good only when prompt notification on arrival of stock is sent us, stating plainly any errors or cause for complaint.

Our Nurseries have been thoroughly inspected and found free of San Jose scale and other injurious insects and diseases. A certificate of inspection will be attached to all shipments.

**TERMS**— *Net cash with order. No discounts allowed. 5 at 10 rates. 25 at 100 rates; but if remittance amounts to \$25 and up, everything at lowest rate quoted in this Price List, except at 1000 rates, orders must be for 250 or more.*

*Remember that we employ no agents, are responsible only for orders sent to us through the mail or delivered in person. No charge for packing or delivery at express office or railway station here.*
